The following Antiterrorism/Operations Security procedures are required for the FMT DTT Multivehicle effort:

AT Level I training. All contractor employees, to include subcontractor employees, requiring access Army installations, facilities and controlled access areas shall complete AT Level I awareness training within 30 calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. The contractor shall submit certificates of completion for each affected contractor employee and subcontractor employee, to the COR or to the contracting officer, if a COR is not assigned, within 30 calendar days after completion of training by all employees and subcontractor personnel. AT level I awareness training is available at the following website:

Access and general protection/security policy and procedures. Contractor and all associated sub-contractors employees shall provide all information required for background checks to meet installation access requirements to be accomplished by installation Provost Marshal Office, Director of Emergency Services or Security Office. Contractor workforce must comply with all personal identity verification requirements (FAR clause 52.204-9, Personal Identity Verification of Contractor Personnel) as directed by DOD, HQDA and/or local policy. In addition to the changes otherwise authorized by the changes clause of this contract, should the Force Protection Condition (FPCON) at any individual facility or installation change, the Government may require changes in contractor security matters or processes.

For contractors requiring Common Access Card (CAC). The Common Access Card (CAC) shall be the principal identity credential only for those contractor employees supporting and requiring access to DoD installations, Government leased facilities, buildings and government information systems per FAR 52.204-9.

The prime and subcontractor shall coordinate with their Government sponsor and complete DD Form 1172-2 in order to obtain a CAC. The prime and sub-contractor employee will be issued a CAC only if duties involve one of the following:

- Require both physical access to a DoD facility and access, via logon, to DoD networks on-site or remotely;
- Remote access, via logon, to a DoD network using DoD-approved remote access procedures; or
- Physical access to multiple DoD facilities or multiple non-DoD federally controlled facilities on behalf of the DoD on a recurring basis for a period of 6 months or more.

The prime and subcontractor employees must, at a minimum, have a favorably adjudicated National Agency Check with Inquiries Tier I or an equivalent or higher investigation in accordance with Army Directive 2014-05. At the discretion of the

sponsoring activity, an initial CAC may be issued based on a favorable review of the FBI fingerprint check and a successfully scheduled Tier I at the Office of Personnel Management.

The contractor shall ensure that all employees clearly display the prescribed identification at all times while they are working within government facilities and performing official duties in execution of contract requirements.

Contractor shall account for all forms of U.S Government-provided identification credentials issued to contractor (or their employees including sub-contractor employees in connection with performance) under the contract. Contractor shall return such identification credentials to the issuing agency at the earliest of any of the circumstances listed below, unless otherwise determined by the U.S. Government. The contracting officer may delay final payment under an individual DO if contractor or sub-contractor fails to comply with these requirements. The contractor shall return all identification credentials when;

1. No longer needed for contract performance.
2. Completion of contractor employee's employment.
3. Contract completion or termination.

iWATCH Training: The Contractor shall brief all Contractor employees, to include Subcontractor employees, requiring access Army installations, facilities and controlled access areas on the iWATCH program within thirty (30) calendar days after contract start date or effective date of incorporation of this requirement into the contract, whichever is applicable. New hires shall complete iWATCH Training within five (5) days after new employee start date. The Contractor shall submit dates of completion for each affected Contractor employee and Subcontractor employee, to the COR or to the contracting officer, if a COR is not assigned, within thirty (30) calendar days after completion of training by all employees and Subcontractor personnel. If the Contractor/Subcontractors employees have completed iWATCH Training within 365 days of contract award of this contract, they are not required to complete this training, however the Contractor shall submit the employee's date of completion in accordance with the requirements stated above. The Contractor shall utilize the iWATCH Training slides available at the following website to conduct training:

Cybersecurity (CS)/Information Technology (IT) Training

All vendor employees and associated sub-vendor employees shall complete the DOD CS awareness training before issuance of network access and annually thereafter. All vendor employees working CS/IT functions shall comply with DOD and Army training requirements in DODD 8570.01, DOD 8570.01-M and AR 25-2 within 30 days of agreement award or start of employment. CS/IT training for certification is located at:
